## STREAM POLLUTION CONTROL BOARD

1330 West Michigan Street

633-4420

November 21, 1967

Ms. Lorraine Becraft, Clean Water Chairman  
Fort Wayne Chapter, Izaak Walton League of America  
R.R. 1  
Grabill, Indiana 46741

Dear Ms. Becraft:

Re: Covering of Harvester Ditch, Fort Wayne

This acknowledges your letter of November 16, 1967, which advised of the Fort Wayne Chapter's objections to closing of Harvester Ditch by the City of Fort Wayne until corrective measures are taken to eliminate the industrial pollution discharged to the ditch. This office also received a copy of your letter of November 13 to Mr. Edwin Rousseau, president of the city council, relative to this subject.

Mr. Ron Bonar, chief sewer engineer, City of Fort Wayne, advises that the City plans to cover about 1,400 feet of Harvester Ditch from Pontiac Street north through McCormick Park. This will leave approximately three blocks of open ditch from McCormick Avenue to the Maumee River. Therefore, there will be open ditch for observation and sampling prior to discharge to the river. This Board does not condone the discharge of polluting materials to Harvester Ditch and will continue to work towards abatement thereof.

Your letter of November 16, 1967, also requested information relative to the Fort Wayne projects on which State and Federal aid funds would be allocated. The projects are described in the enclosed copy of the approval letter. All of the proposed sewers are for sanitary and industrial waste only with no storm or surface water connections. Federal and State funds were not allocated for covering Harvester Ditch or for extension or maintenance of combined sewer systems.

We trust the preceding will provide the requested information.

Very truly yours,

B. A. Poole  
Technical Secretary
